

# **The Sealy Center for Structural Biology & Molecular Biophysics**

**Presents**

**Dr. Matthew Dunne**

ETH Zurich (Swiss Federal Institute of Technology)  
Laboratory of Food Microbiology  
Institute of Food, Nutrition and Health  
Department of Health Sciences and Technology

**SEMINAR**

**" Bacteriophage-encoded Tail Fibers: Alternative  
Probes for Bacterial Detection "**

**&**

**Dr. Alyssa Hill**

University of Oklahoma  
Stephenson Life Sciences Research Center  
Department of Microbiology and Plant Biology

**"Thermodynamic Stabilities of Three-way Junctions in  
Prohead RNA"**

**Monday, August 28, 2017**

5.402 Research Building 6

1:00 p.m.

**Guest of Dr. Petr Leiman**

Working together to work wonders.
